About your report

The results in this report help your organisation build a positive workplace culture with integrity that live the public sector values.

Report contents

The visual on the right shows you what sections we've included in this report for your organisation's survey results.

Comparing data in this report

Your organisation took part in the survey in 2019 and 2020.

This means you'll be able to compare about 40% of this year's survey with your previous results.

Rounding of percentages

In this report, we round numbers up or down to their nearest whole percentage.

This means some percentages may not add up to 100%.

Report overview

Survey's theoretical framework

What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

The public sector values that underpin the framework and all public sector organisations

Report overview

Your comparator group

What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

Report overview

Your response rate

What this is

This is how many staff in your organisation did the survey in 2021.

Why this is important

The higher the response rate, the more your results will reflect how staff feel.

If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

How to read this

The number in the brackets () shows how many staff completed the survey this year.

We've also expressed this as a percentage of all the staff who work in your organisation.

Scorecard: employee engagement index

What this is

This is the psychological satisfaction staff get from their work.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points
- agree is 75 points
- neither agree nor disagree is 50 points
- disagree is 25 points
- strongly disagree is 0 points

Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

What this is

This is the overall sense of pride, attachment, inspiration, motivation and advocacy your employees have for your organisation.

Your organisation's engagement index

Your 2021 index is 80.

Why this is important

High engagement drives greater productivity, employee wellbeing and lower absences, turnover and workplace stress.

How to read this

Under 'Your results', see results for each question in descending order by most agreed.

'Agree' combines responses for agree and strongly agree and 'Disagree' combines responses for disagree and strongly disagree.

Under 'Benchmark results', compare your comparator groups overall, lowest and highest scores with your own.

Scorecard: satisfaction, stress, intention to stay

What this is

This scorecard provides overall results for satisfaction, high to severe work-related stress, and intention to stay.

There are more people outcomes scorecards throughout this report.

Why this is important

This page shows which outcomes are performing well and which outcomes you can look to improve.

How to read this

Each label represents a group of questions in the survey about people outcomes.

Each result is the overall percentage of positive responses for your organisation, comparator and public sector.

Example

- In 2021:
- 78% of your staff who did the survey responded positively to questions about Satisfaction which is down from 79% in 2020.

Compared to:

- 70% of staff at your comparator and 63% of staff across the public sector.

Work-related stress levels

What this is

This is the level of stress experienced by employees in response to work-related factors.

Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

How to read this

In this survey we asked staff to tell us their stress level.

The graph at the top shows how staff in your organisation rated their current levels of work-related stress.

The numbers below show the percentage of staff in your organisation who said they experienced high to severe stress in 2021 compared to 2020 and your comparator.

Example

10% of your staff who did the survey said they had high to severe stress in 2021. This is compared to 19% of staff in your comparator group and 26% of staff across the public sector.

How would you rate your current level of work-related stress? (You 2021)

Reported levels of high to severe stress

People outcomes

Work-related stress causes

What this is

This is the main work-related causes of stress reported by staff.

Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

How to read this

In the survey, we ask staff to tell us if they have experienced mild to severe stress at work, as shown in the visual above the table.

If they answer yes, we ask them to tell us what caused the stress. They can select more than one cause.

In descending order, the table shows the top 10 causes.

Example

79% of your staff who did the survey said they experienced mild to severe stress.

Of that 79%, 53% said the top reason was 'Workload'.

Intention to stay

What this is

This is what your staff intend to do with their careers in the near future.

Why this is important

In the public sector, we want to attract, keep, motivate and engage staff.

How to read this

In the survey, we ask staff to tell us if they intend to leave their organisation, leave the sector or stay.

If they say they intend to leave, we ask them to tell us why they want to. They can select more than one reason.

In descending order, the table shows the top 10 reasons for leaving.

The bar in the top right may not add up to 100% as it doesn't include people who intend to retire, or those who answered 'don't know'.

Example

6% of your staff who did the survey said they intended to leave.

Of that 6%, 67% said it was from 'Better location/reduced travel time'.

What is your likely career plan for the next 2 years?

Scorecard: emotional effects of work

What this is

This is the level of positive and negative feelings experienced by staff in the 3 months before the survey.

Why this is important

Positive feelings can lead to higher wellbeing and job satisfaction and a lower chance of burnout.

How to read this

Each label represents a question in the survey about emotional effects of work.

Each result is the percentage of staff who said they often, very often or always felt happy, enthusiastic, worried or miserable in the past 3 months.

You can compare these with your comparator and the public sector.

Example

In 2021:

- 74% of your staff who did the survey said work made them feel happy in 2021, which is up from 65% in 2020

People outcomes

Scorecard: negative behaviours

What this is

This is how many staff have experienced negative behaviours at work in the past 12 months.

Why this is important

Negative behaviours can be detrimental to health and wellbeing as well as performance and behaviour.

How to read this

Each label represents a question in the survey about negative behaviour.

Each result is the percentage of staff who said they experienced bullying, sexual harassment, discrimination or violence and aggression in the past 12 months.

You can compare these with your comparator and the public sector.

Example

In 2021:

- 23% of your staff who did the survey stated they experienced 'Bullying' in the last 12 months which is down from 27% in 2020.

Compared to:

- 21% of staff at your comparator and 16% of staff across the public sector.

People outcomes

Bullying

What this is

This is repeated unreasonable behaviour directed at an employee that creates a risk to their health and safety.

Why this is important

Bullying can have an immediate and long-term negative impact on those involved, including those who witness bullying.

How to read this

In the survey, we asked staff to tell us if they'd experienced bullying at work.

Telling someone about the bullying

What this is

This is if staff told someone when they experienced bullying.

Why this is important

By understanding how staff report bullying, organisations can plan how to support and protect staff.

How to read this

In the survey, we asked staff to tell us if they'd experienced bullying at work.

If they did, they could tell us with one or more answers who they told about it.

In descending order, the table shows the answers.

Example

23% of your staff who did the survey said they experienced bullying, of which

- 36% said the top way they reported the bullying was 'Told a manager'.

Bullying - reasons for not submitting a formal complaint

What this is

This is why staff who experienced bullying chose not to submit a formal complaint.

Why this is important

By understanding this, organisations can plan how to support staff.

How to read this

In the survey, we asked staff to tell us if they'd experienced bullying at work. We then asked them if they submitted a formal complaint. If they didn't, they could tell us with one or more answers why not. In descending order, the table shows the top 10 answers.

Example

80% of your staff who experienced bullying did not submit a formal complaint, of which:

Perpetrators of bullying

What this is

This is who staff have said are responsible for bullying.

Why this is important

Understanding where bullying happens means organisations can work out what action to take.

How to read this

In this year's survey, 23% of your staff said they experienced bullying.

If they did, they could tell us with one or more answers who the perpetrator was.

In descending order, the bar chart shows the perpetrators with the largest number of responses.

Each row is one perpetrator or group of perpetrators.

What this is

This is how often staff experienced bullying.

Why this is important

Understanding how often bullying happens means organisations can work out what action to take.

How to read this

In this year’s survey, 23% of your staff said they experienced bullying.
If they did, they could tell us how often they experienced this behaviour.

Example

People outcomes

Sexual harassment

What this is

This is non-consensual or unwelcome sexual behaviour that could cause an employee to feel offended, humiliated or intimidated.

Why this is important

Sexual harassment can have an immediate and long-term negative impact on those involved, including those who witness sexual harassment.

Why there is no data here

We've not published the results for this section because less than 10 people said they experienced sexual harassment.

We do this to protect the respondents.

People outcomes

Discrimination

What this is

Discrimination is when a person treats, or proposes to treat, a person unfavourably because of their personal characteristics, such as their age or gender, or other attributes.

Why this is important

Staff expect to have a safe and inclusive working environment to work in that is free of discrimination.

Why there is no data here

We've not published the results for this section because less than 10 people said they experienced discrimination.

We do this to protect the respondents.

Negative behaviour

Violence and aggression

What this is

This is when staff are abused, threatened or assaulted in a situation related to their work.

Why this is important

Violence and aggression can have an immediate and long-term negative impact of those involved, including those who witness violence and aggression.

How to read this

In the survey, we asked staff to tell us if they'd experienced violence or aggression. If they did, they could tell us with one or more answers what they experienced. In descending order, the table shows the answers.

Violence and aggression - reasons for not submitting a formal incident report

What this is

This is why staff who experienced violence or aggression chose not to submit a formal incident report.

Why this is important

By understanding this, organisations can work out what action to take.

How to read this

In the survey, we asked staff to tell us if they'd experienced violence or aggression at work. We then asked them if they submitted a formal incident report. If they did not, they could tell us with one or more answers why not. In descending order, the table shows the top 10 answers.

Example

67% of your staff who experienced violence or aggression did not submit a formal incident report, of which:

- 25% said the top reason was 'I didn't need to because I made the violence or aggression stop'.

Did you submit a formal incident report?

Please tell us why you did not submit a formal incident report?	You 2021	Comparator 2021	Public sector 2021
I didn't need to because I made the violence or aggression stop	25%	14%	16%
Other	25%	22%	12%
I believed there would be negative consequences for my career	13%	7%	12%
I believed there would be negative consequences for my reputation	13%	11%	16%
I didn't need to because I no longer had contact with the person(s) who was aggressive or violent to me	13%	6%	15%

Negative behaviour

Perpetrators of violence and aggression

What this is

This is who staff have said are responsible for violence and aggression.

Why this is important

Understanding this means organisations can plan how to support and protect staff.

How to read this

In the survey, we asked staff to tell us if they'd experienced violence or aggression.

If they did, they could tell us with one or more answers who the perpetrator was.

In descending order, the bar chart shows the perpetrators with the largest number of responses.

Each row is one perpetrator or a group of perpetrators.

Example

11% of your staff who did the survey said they experienced violence or aggression.

Of that 11%, 83% said it was 'Client/ customer/ patient/ stakeholder'.

12 people (11% of staff) experienced violence or aggression (You2021)

Negative behaviour

Frequency of violence and aggression

What this is

This is how often staff experienced violence or aggression.

Why this is important

Understanding the frequency staff experienced violence or aggression may help organisations work out what action to take.

How to read this

In this year’s survey, 11% of your staff said they experienced violence or aggression. If they did, they could tell us how often they experienced this behaviour.

The graph shows how often staff were experiencing violence or aggression.

Example

11% of your staff who did the survey said they experienced violence or aggression. Of that 11%, 0% said it was by 'At least once a day'.
Of that 11%, 0% said it was by 'At least once a day'.

How often have you experienced the behaviour(s)? (You2021)

Negative behaviour

Witnessing negative behaviours

What this is

This is where staff witnessed people acting in a negative way against a colleague.

Why this is important

Witnessing negative behaviour can still have a negative impact on the person, as it does on the victim.

How to read this

In the survey, we asked staff to tell us if they'd witnessed any negative behaviour at work.

They could tell us with one or more answers if they witnessed negative behaviour and what type they witnessed.

In descending order, the table shows the answers.

Example

21% of your staff who did the survey said they witnessed some negative behaviour at work.

79% said they witnessed No, I have not witnessed any of the situations above'.

Have you witnessed any negative behaviour at work in the last 12 months?

During the last 12 months in your current organisation, have you witnessed any of the following negative behaviours at work?	You 2021	Comparator 2021	Public sector 2021

Negative behaviour

Taking action when witnessing negative behaviours

What this is

This is what your staff did when they witnessed negative behaviour at work.

Why this is important

What staff do when they witness negative behaviour may help organisations understand what support their staff need.

How to read this

In the survey, we asked staff to tell us if they'd witnessed any negative behaviour at work.

If they did, they could tell us with one or more answers what action they took.

The table shows the answers in descending order.

- Example**
- 21% of your staff who did the survey witnessed negative behaviour, of which:
- 77% said the top action they took was 'Told a manager'.
 - 5% took no action.

When you witnessed the above behaviour(s), did you do any of the following?	You 2021	Comparator 2021	Public sector 2021
Told a manager	77%	39%	37%
Spoke to the person who experienced the behaviour	64%	72%	72%

Told the person the behaviour was not OK	27%	25%	25%
Spoke to the person who behaved in a negative way	23%	23%	22%
Submitted a formal complaint	23%	8%	6%
Told a colleague	9%	17%	21%
Took no action	5%	4%	7%

People outcomes

Negative behaviour — satisfaction with making a formal complaint

What this is

This is how satisfied a staff member was with how your organisation managed their complaint.

Why this is important

When staff submit a formal complaint for negative behaviours, they should feel your organisation will manage it effectively and professionally.

How to read this

Under 'Your results', see results for each question in descending order by yes.

Under 'Benchmark results', compare your comparator groups overall, lowest and highest scores with your own.

Example

100% of staff who did the survey were satisfied with the way your organisation handled their formal 'Sexual harassment' complaint.

What this is

This is where staff feel their organisation has most improved.

How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Increase from 2020' column.

When you use this data, focus on the increase instead of individual numbers.

This is because the increase from 2020 shows you where the most positive changes are happening in your organisation.

Example

On the first row 'Safety climate', the 'You 2021' column shows 67% of your staff agreed with 'All levels of my organisation are involved in the prevention of stress'. In the 'Increase from 2020' column, you have a 21% increase, which is a positive trend.

Question group	Most improved from last year	You 2021	Increase from 2020	Comparator 2021

What this is

This is where staff feel their organisation has most declined.

How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Decrease from 2020' column.

When you use this data, focus on the decrease instead of individual numbers.

This is because the decrease from 2020 shows you where the most negative changes are happening in your organisation.

Example

On the first row 'Satisfaction', the 'You 2021' column shows 84% of your staff were satisfied with 'Considering everything, how satisfied are you with your current job'. In the 'Decrease from 2020' column, you have a 6% decrease, which is a negative trend.

Organisational climate

Psychosocial safety climate score

What this is

Psychosocial safety climate score reflects how well your organisation’s workplace practices and processes support a climate for good psychological health.

How we work out your score

We work out your score from these 4 questions:

- 1. In my workplace, there is good communication about psychological safety issues that affect me
- 2. All levels of my organisation are involved in the prevention of stress
- 3. Senior leaders consider the psychological health of employees to be as important as productivity
- 4. Senior leaders show support for stress prevention through involvement and commitment

To work out your score, we rate each response and add them together

- strongly agree is 5
- agree is 4
- neither agree or disagree is 3
- disagree is 2
- strongly disagree is 1

How to interpret your score

Under 'Benchmark results', compare your organisation to your comparator and the highest and lowest score in your comparator group for 2021. We also show the lowest (4) and highest (20) scores possible.

A score of:

- 12 or less indicates a poor climate and a high risk of adverse outcomes
- 13 indicates a moderate climate and medium risk of adverse outcomes
- 14 or more indicates a high climate and low risk of adverse outcomes

Adverse outcomes can include:

- poor work quality
- negative acts such as bullying and harassment
- mental health problems such as depression, distress and emotional exhaustion
- sickness absence
- presenteeism (coming to work when sick)
- worker compensation
- reduced engagement
