Report overview

Survey's theoretical framework

What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

The public sector values that underpin the framework and all public sector organisations

Report overview

Your comparator group

What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

Australian Centre for the Moving Image

Geelong Performing Arts Centre Trust

Melbourne Recital Centre

National Gallery of Victoria

Shrine of Remembrance Trust

State Library of Victoria

Report overview

Your response rate

What this is

This is how many staff in your organisation did the survey in 2021.

Why this is important

The higher the response rate, the more your results will reflect how staff feel.

If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

How to read this

The number in the brackets () shows how many staff completed the survey this year.

We've also expressed this as a percentage of all the staff who work in your organisation.

Scorecard: employee engagement index

What this is

This is the psychological satisfaction staff get from their work.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points
- agree is 75 points
- neither agree nor disagree is 50 points
- disagree is 25 points
- strongly disagree is 0 points

Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

People outcomes

Engagement question results 1 of 2

What this is

This is the overall sense of pride, attachment, inspiration, motivation and advocacy your employees have for your organisation.

Your organisation's engagement index

Your 2021 index is 77.

Why this is important

High engagement drives greater productivity, employee wellbeing and lower absences, turnover and workplace stress.

How to read this

Under 'Your results', see results for each question in descending order by most agreed.

'Agree' combines responses for agree and strongly agree and 'Disagree' combines responses for disagree and strongly disagree.

Under 'Benchmark results', compare your comparator groups overall, lowest and highest scores with your own.

Scorecard: satisfaction, stress, intention to stay

What this is

This scorecard provides overall results for satisfaction, high to severe work-related stress, and intention to stay.

There are more people outcomes scorecards throughout this report.

Why this is important

This page shows which outcomes are performing well and which outcomes you can look to improve.

How to read this

Each label represents a group of questions in the survey about people outcomes.

Each result is the overall percentage of positive responses for your organisation, comparator and public sector.

Example

In 2021:

- 60% of your staff who did the survey responded positively to questions about Satisfaction.

Compared to:

- 60% of staff at your comparator and 63% of staff across the public sector.

People outcomes

Work-related stress levels

What this is

This is the level of stress experienced by employees in response to work-related factors.

Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

How to read this

In this survey we asked staff to tell us their stress level.

The graph at the top shows how staff in your organisation rated their current levels of work-related stress.

The numbers below show the percentage of staff in your organisation who said they experienced high to severe stress in 2021 compared to your comparator.

Example

27% of your staff who did the survey said they had high to severe stress in 2021. This is compared to 23% of staff in your comparator group and 26% of staff across the public sector.

How would you rate your current level of work-related stress? (You 2021)

Reported levels of high to severe stress

People outcomes

Work-related stress causes

What this is

This is the main work-related causes of stress reported by staff.

Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

How to read this

In the survey, we ask staff to tell us if they have experienced mild to severe stress at work, as shown in the visual above the table.

If they answer yes, we ask them to tell us what caused the stress. They can select more than one cause.

In descending order, the table shows the top 10 causes.

Example

93% of your staff who did the survey said they experienced mild to severe stress.

Of that 93%, 64% said the top reason was 'Workload'.

People outcomes

Intention to stay

What this is

This is what your staff intend to do with their careers in the near future.

Why this is important

In the public sector, we want to attract, keep, motivate and engage staff.

How to read this

In the survey, we ask staff to tell us if they intend to leave their organisation, leave the sector or stay.

If they say they intend to leave, we ask them to tell us why they want to. They can select more than one reason.

In descending order, the table shows the top 10 reasons for leaving.

The bar in the top right may not add up to 100% as it doesn't include people who intend to retire, or those who answered 'don't know'.

Example

33% of your staff who did the survey said they intended to leave.

Of that 33%, 70% said it was from 'Limited future career opportunities at my organisation'.

What is your likely career plan for the next 2 years?

Of those who indicated they're leaving your organisation (including leaving the sector) it was for ...

| | You 2021 | Comparator 2021 | Public sector 2021 |
|---|----------|-----------------|--------------------|
| Limited future career opportunities at my organisation | 70% | 72% | 42% |
| Opportunity to broaden experience | 70% | 56% | 40% |

Scorecard: emotional effects of work

What this is

This is the level of positive and negative feelings experienced by staff in the 3 months before the survey.

Why this is important

Positive feelings can lead to higher wellbeing and job satisfaction and a lower chance of burnout.

How to read this

Each label represents a question in the survey about emotional effects of work.

Each result is the percentage of staff who said they often, very often or always felt happy, enthusiastic, worried or miserable in the past 3 months.

You can compare these with your comparator and the public sector.

Example

In 2021:

- 30% of your staff who did the survey said work made them feel happy in 2021

Compared to:

- 53% of staff at your comparator and 50% of staff across the public sector.

Thinking about the last three months, how often has work made you feel ...

People outcomes

Scorecard: negative behaviours

What this is

This is how many staff have experienced negative behaviours at work in the past 12 months.

Why this is important

Negative behaviours can be detrimental to health and wellbeing as well as performance and behaviour.

How to read this

Each label represents a question in the survey about negative behaviour.

Each result is the percentage of staff who said they experienced bullying, sexual harassment, discrimination or violence and aggression in the past 12 months.

You can compare these with your comparator and the public sector.

Example

In 2021:

- 3% of your staff who did the survey stated they experienced 'Discrimination' in the last 12 months.

Compared to:

- 4% of staff at your comparator and 6% of staff across the public sector.

People outcomes

Sexual harassment

What this is

This is non-consensual or unwelcome sexual behaviour that could cause an employee to feel offended, humiliated or intimidated.

Why this is important

Sexual harassment can have an immediate and long-term negative impact on those involved, including those who witness sexual harassment.

Why there is no data here

We've not published the results for this section because less than 10 people said they experienced sexual harassment. We do this to protect the respondents.

People outcomes

Discrimination

What this is

Discrimination is when a person treats, or proposes to treat, a person unfavourably because of their personal characteristics, such as their age or gender, or other attributes.

Why this is important

Staff expect to have a safe and inclusive working environment to work in that is free of discrimination.

Why there is no data here

We've not published the results for this section because less than 10 people said they experienced discrimination.

We do this to protect the respondents.

Negative behaviour

Witnessing negative behaviours

What this is

This is where staff witnessed people acting in a negative way against a colleague.

Why this is important

Witnessing negative behaviour can still have a negative impact on the person, as it does on the victim.

How to read this

In the survey, we asked staff to tell us if they'd witnessed any negative behaviour at work.

They could tell us with one or more answers if they witnessed negative behaviour and what type they witnessed. In descending order, the table shows the answers.

Example

20% of your staff who did the survey said they witnessed some negative behaviour at work.

80% said they witnessed No, I have not witnessed any of the situations above'.

Have you witnessed any negative behaviour at work in the last 12 months?

| During the last 12 months in your current organisation, have you witnessed any of the following negative behaviours at work? | You 2021 | Comparator 2021 | Public sector 2021 |
|--|----------|-----------------|--------------------|
| No, I have not witnessed any of the situations above | 80% | 81% | 77% |
| Bullying of a colleague | 17% | 13% | 16% |
| Discrimination against a colleague | 3% | 8% | 8% |

Negative behaviour

Taking action when witnessing negative behaviours

What this is

This is what your staff did when they witnessed negative behaviour at work.

Why this is important

What staff do when they witness negative behaviour may help organisations understand what support their staff need.

How to read this

In the survey, we asked staff to tell us if they'd witnessed any negative behaviour at work.

If they did, they could tell us with one or more answers what action they took.

The table shows the answers in descending order.

- Example**
- 20% of your staff who did the survey witnessed negative behaviour, of which:
- 67% said the top action they took was 'Spoke to the person who experienced the behaviour'.
 - 17% took no action.

| When you witnessed the above behaviour(s), did you do any of the following? | You 2021 | Comparator 2021 | Public sector 2021 |
|---|----------|-----------------|--------------------|
| Spoke to the person who experienced the behaviour | 67% | 77% | 72% |

Key differences

Biggest negative difference from comparator

What this is

This is where your staff have agreed less to a question compared to staff at similar organisations.

How to read this

Use this data to see where your organisation has the biggest negative difference with questions from the 2021 survey compared to your comparator group.

In this table, the difference to your comparator is shown in the 'difference' column.

Example

On the first row 'Satisfaction', the 'You 2021' column shows 33% of your staff were satisfied with 'How satisfied are you with your career development within your current organisation'.

The 'difference' column, shows that agreement for this question was 13 percentage points lower in your organisation than in your comparator.

| Question subgroup | Biggest negative difference from comparator | You 2021 | Difference | Comparator 2021 |
|--------------------------|--|----------|------------|-----------------|
| Satisfaction | How satisfied are you with your career development within your current organisation | 33% | -13% | 47% |

Organisational climate

Psychosocial safety climate score

What this is

Psychosocial safety climate score reflects how well your organisation’s workplace practices and processes support a climate for good psychological health.

How we work out your score

We work out your score from these 4 questions:

- 1. In my workplace, there is good communication about psychological safety issues that affect me
- 2. All levels of my organisation are involved in the prevention of stress
- 3. Senior leaders consider the psychological health of employees to be as important as productivity
- 4. Senior leaders show support for stress prevention through involvement and commitment

To work out your score, we rate each response and add them together

- strongly agree is 5
- agree is 4
- neither agree or disagree is 3
- disagree is 2
- strongly disagree is 1

How to interpret your score

Under 'Benchmark results', compare your organisation to your comparator and the highest and lowest score in your comparator group for 2021. We also show the lowest (4) and highest (20) scores possible.

A score of:

- 12 or less indicates a poor climate and a high risk of adverse outcomes
- 13 indicates a moderate climate and medium risk of adverse outcomes
- 14 or more indicates a high climate and low risk of adverse outcomes

Adverse outcomes can include:

- poor work quality
- negative acts such as bullying and harassment
- mental health problems such as depression, distress and emotional exhaustion
- sickness absence
- presenteeism (coming to work when sick)
- worker compensation
- reduced engagement
