#### About your report

The results in this report help your organisation build a positive workplace culture with integrity that live the public sector values

#### **Report contents**

The visual on the right shows you what sections we've included in this report for your organisation's survey results.

#### Comparing data in this report

Your organisation took part in the survey in 2021 and 2022.

This means you'll be able to compare about 91% of this year's survey with your previous results.

#### Rounding of percentages

In this report, we round numbers up or down to their nearest whole percentage.

This means some percentages may not add up to 100%.

#### Survey's theoretical framework

#### What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

#### Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

#### Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

Your comparator group

#### What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

Accident Compensation Conciliation Service Dairy Food Safety Victoria Energy Safe Victoria PrimeSafe Victorian Building Authority

#### Your response rate

#### What this is

This is how many staff in your organisation did the survey in 2023.

#### Why this is important

The higher the response rate, the more your results will reflect how staff feel.

If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

#### How to read this

The number in the brackets () shows how many staff completed the survey this year. We've also expressed this as a percentage of all the staff who work in your organisation.

Scorecard: employee engagement index

#### What this is

Engaged employees are committed to their organisation's goals and values, and motivated to contribute to organisational success.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points ٠
- agree is 75 points •
- neither agree nor disagree is 50 ٠ points
- disagree is 25 points ٠
- strongly disagree is 0 points ٠

#### Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

#### Work-related stress levels

#### What this is

This is the level of stress experienced by employees in response to work-related factors.

#### Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

#### How to read this

In this survey we asked staff to tell us their stress level.

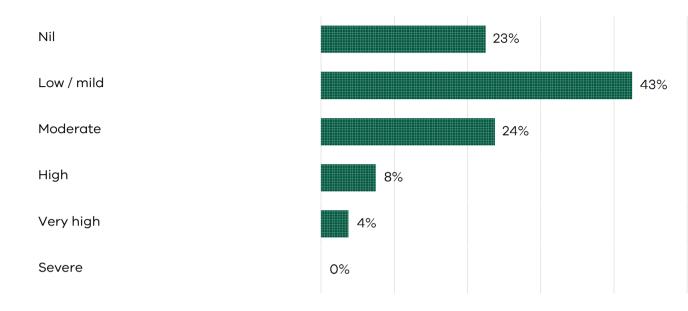

The graph at the top shows how staff in your organisation rated their current levels of work-related stress.

The numbers below show the percentage of staff in your organisation who said they experienced high to severe stress in 2023 compared to 2022 and your comparator.

#### Example

11% of your staff who did the survey said they had high to severe stress in 2023. This is compared to 21% of staff in your comparator group and 25% of staff across the public sector.

#### Work-related stress causes

#### What this is

This is the main work-related causes of stress reported by staff.

#### Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

#### How to read this

In the survey, we ask staff to tell us if they have experienced mild to severe stress at work, as shown in the visual above the table.

If they answer yes, we ask them to tell us what caused the stress. They can select more than one cause.

In descending order, the table shows the top 10 causes.

#### Intention to stay

#### What this is

This is what your staff intend to do with their careers in the near future.

#### Why this is important

In the public sector, we want to attract, keep, motivate and engage staff.

#### How to read this

In the survey, we ask staff to tell us how long they intend to work at their organisation.

#### Example

25% of your staff who did the survey said they intended to work for your organisation for Over 6 months and up to 1 year.

#### Scorecard: emotional effects of work

#### What this is

This is the level of positive and negative feelings experienced by staff in the 3 months before the survey.

#### Why this is important

Positive feelings can lead to higher wellbeing and job satisfaction and a lower chance of burnout.

#### How to read this

Each label represents a question in the survey about emotional effects of work.

Each result is the percentage of staff who said they often, very often or always felt happy, enthusiastic, worried or miserable in the past 3 months.

You can compare these with your comparator and the public sector.

#### Example

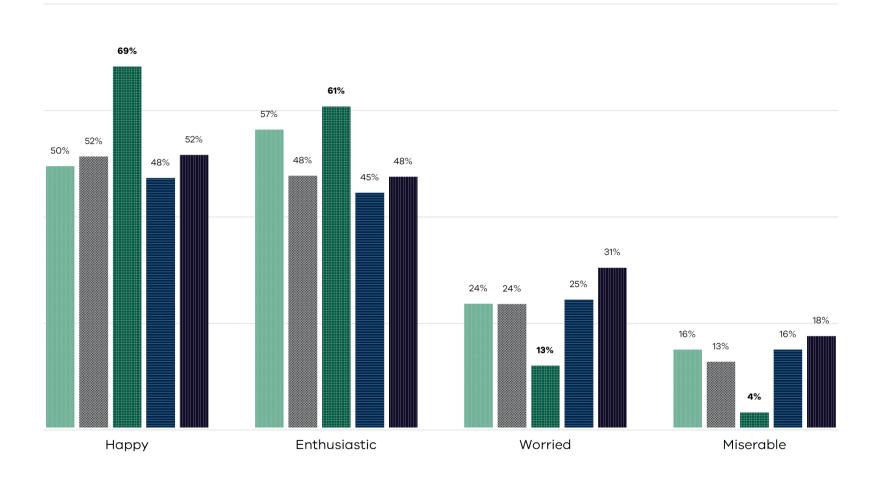

In 2023:

 69% of your staff who did the survey said work made them feel happy in 2023, which is up from 52% in 2022

Compared to:

• 48% of staff at your comparator and 52% of staff across the public sector.

#### Scorecard: negative behaviours

#### What this is

This is how many staff have experienced negative behaviours at work in the past 12 months.

#### Why this is important

Negative behaviours can be detrimental to health and wellbeing as well as performance and behaviour.

#### How to read this

Each label represents a question in the survey about negative behaviour.

Each result is the percentage of staff who said they experienced bullying, sexual harassment, discrimination or violence and aggression in the past 12 months.

You can compare these with your comparator and the public sector.

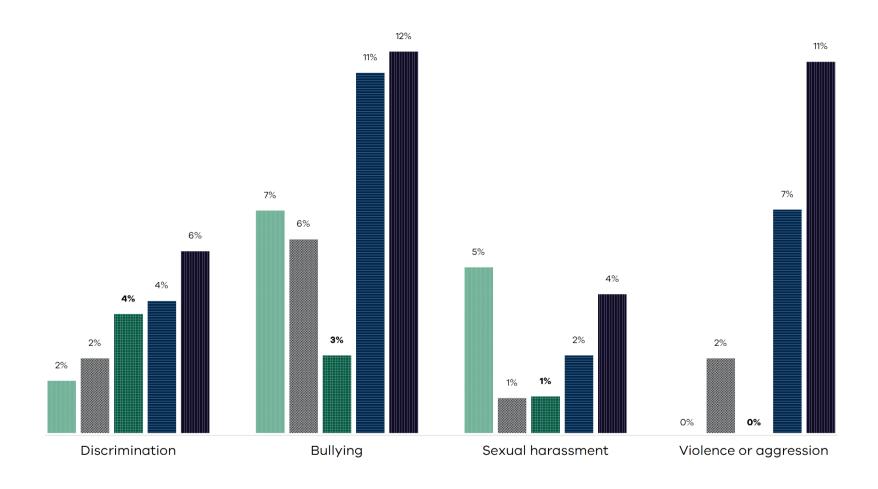

#### Example

#### In 2023:

• 4% of your staff who did the survey stated they experienced ' Discrimination' in the last 12 months which is up from 2% in 2022.

Compared to:

• 4% of staff at your comparator and 6% of staff across the public sector.

#### Bullying

#### What this is

This is repeated unreasonable behaviour directed at an employee that creates a risk to their health and safety.

#### Why this is important

Bullying can have an immediate and longterm negative impact on those involved, including those who witness bullying.

#### Why there is no data here

We've not published the results for this section because less than 10 people said they experienced bullying.

We do this to protect the respondents.

22

#### Sexual harassment

#### What this is

This is non-consensual or unwelcome sexual behaviour that could cause an employee to feel offended, humiliated or intimidated.

#### Why this is important

Sexual harassment can have an immediate and long-term negative impact on those involved, including those who witness sexual harassment.

#### Why there is no data here

We've not published the results for this section because less than 10 people said they experienced sexual harassment. We do this to protect the respondents.

#### Discrimination

#### What this is

Discrimination is when a person treats, or proposes to treat, a person unfavourably because of their personal characteristics, such as their age or gender, or other attributes.

#### Why this is important

Staff expect to have a safe and inclusive working environment to work in that is free of discrimination.

#### Why there is no data here

We've not published the results for this section because less than 10 people said they experienced discrimination. We do this to protect the respondents.

#### Negative behaviour

#### Witnessing negative behaviours

#### What this is

This is where staff witnessed people acting in a negative way against a colleague.

#### Why this is important

Witnessing negative behaviour can still have a negative impact on the person, as it does on the victim.

#### How to read this

In the survey, we asked staff to tell us if they'd witnessed any negative behaviour at work.

They could tell us with one or more answers if they witnessed negative behaviour and what type they witnessed. In descending order, the table shows the answers.

#### Example

3% of your staff who did the survey said they witnessed some negative behaviour at work.

98% said they witnessed No, I have not witnessed any of the situations above'.

#### Most improved

#### What this is

This is where staff feel their organisation has most improved.

-

#### How to read this

Use this data to see if your organisation has a developing or changing trend. In this table, your trend is shown in the 'Increase from 2022' column.

When you use this data, focus on the increase instead of individual numbers.

This is because the increase from 2022 shows you where the most positive changes are happening in your organisation.

#### Example

On the first row 'Job enrichment', the 'You 2023' column shows 86% of your staff agreed with 'I have the authority to do my job effectively'.

In the 'Increase from 2022' column, you have a 18% increase, which is a positive trend.

Question group	Most improved from last year	You 2023	Increase from 2022	Comparator 2023
Job enrichment	I have the authority to do my job effectively	86%	+18%	76%

Manager support	My manager gives me feedback that helps me improve my performance	91%	+12%	73%

#### Most declined

#### What this is

This is where staff feel their organisation has most declined.

#### How to read this

Use this data to see if your organisation has a developing or changing trend. In this table, your trend is shown in the 'Decrease from 2022' column.

When you use this data, focus on the decrease instead of individual numbers.

This is because the decrease from 2022 shows you where the most negative changes are happening in your organisation.

#### Example

On the first row 'Workload', the 'You 2023' column shows 76% of your staff agreed with 'The workload I have is appropriate for the job that I do'.

In the 'Decrease from 2022' column, you have a 6% decrease, which is a negative trend.

Question subgroup	Largest decline from last year	You 2023	Decrease from 2022	Comparator 2023
