#### About your report

The results in this report help your organisation build a positive workplace culture with integrity that live the public sector values

#### **Report contents**

The visual on the right shows you what sections we've included in this report for your organisation's survey results.

#### Comparing data in this report

Your organisation took part in the survey in 2021 and 2022.

This means you'll be able to compare about 90% of this year's survey with your previous results.

#### Rounding of percentages

In this report, we round numbers up or down to their nearest whole percentage.

This means some percentages may not add up to 100%.

#### Survey's theoretical framework

#### What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

#### Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

#### Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

#### What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

#### Your response rate

#### What this is

This is how many staff in your organisation did the survey in 2023.

#### Why this is important

The higher the response rate, the more your results will reflect how staff feel.

If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

#### How to read this

The number in the brackets () shows how many staff completed the survey this year. We've also expressed this as a percentage of all the staff who work in your organisation.

Scorecard: employee engagement index

#### What this is

Engaged employees are committed to their organisation's goals and values, and motivated to contribute to organisational success.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points ٠
- agree is 75 points •
- neither agree nor disagree is 50 ٠ points
- disagree is 25 points ٠
- strongly disagree is 0 points ٠

#### Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

#### Satisfaction question results

#### What this is

This is how satisfied staff are with their jobs, work-life balance and career development.

#### Why this is important

High satisfaction may lead to improved engagement, performance and lower absences and turnover.

#### How to read this

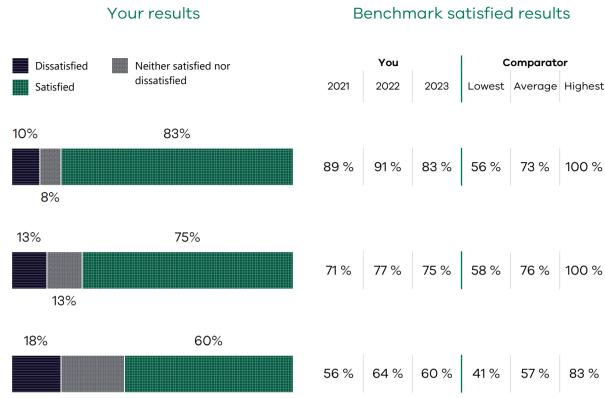

Under 'Your results', see results for each question in descending order by most satisfied.

'Satisfied' combines responses for satisfied and very satisfied and 'Dissatisfied' combines responses for dissatisfied and very dissatisfied.

Under 'Benchmark results', compare your comparator groups overall, lowest and highest scores with your own.

#### Work-related stress levels

#### What this is

This is the level of stress experienced by employees in response to work-related factors.

#### Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

#### How to read this

In this survey we asked staff to tell us their stress level.

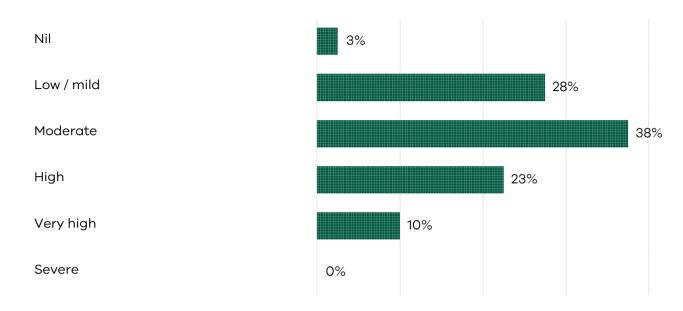

The graph at the top shows how staff in your organisation rated their current levels of work-related stress.

The numbers below show the percentage of staff in your organisation who said they experienced high to severe stress in 2023 compared to 2022 and your comparator.

#### Example

33% of your staff who did the survey said they had high to severe stress in 2023. This is compared to 23% of staff in your comparator group and 25% of staff across the public sector.

#### Work-related stress causes

#### What this is

This is the main work-related causes of stress reported by staff.

#### Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

#### How to read this

In the survey, we ask staff to tell us if they have experienced mild to severe stress at work, as shown in the visual above the table.

If they answer yes, we ask them to tell us what caused the stress. They can select more than one cause.

In descending order, the table shows the top 10 causes.

#### Scorecard: emotional effects of work

#### What this is

This is the level of positive and negative feelings experienced by staff in the 3 months before the survey.

#### Why this is important

Positive feelings can lead to higher wellbeing and job satisfaction and a lower chance of burnout.

#### How to read this

Each label represents a question in the survey about emotional effects of work.

Each result is the percentage of staff who said they often, very often or always felt happy, enthusiastic, worried or miserable in the past 3 months.

You can compare these with your comparator and the public sector.

#### Example

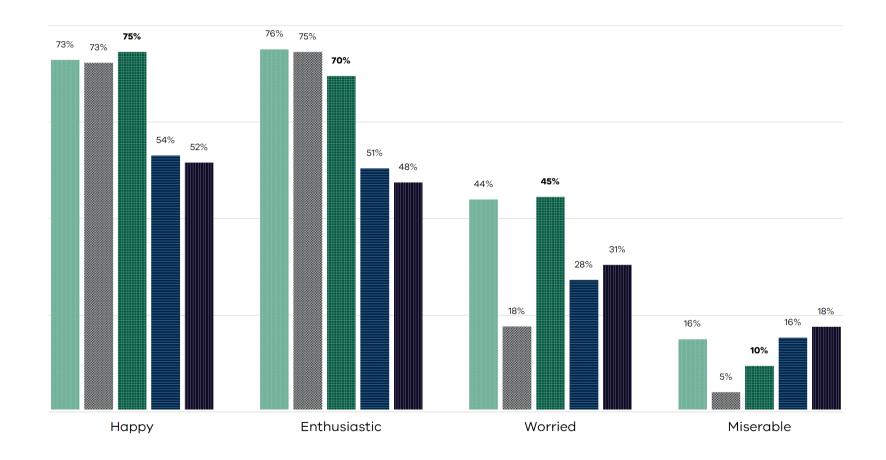

In 2023:

 75% of your staff who did the survey said work made them feel happy in 2023, which is up from 73% in 2022

#### Bullying

#### What this is

This is repeated unreasonable behaviour directed at an employee that creates a risk to their health and safety.

#### Why this is important

Bullying can have an immediate and longterm negative impact on those involved, including those who witness bullying.

#### Why there is no data here

We've not published the results for this section because less than 10 people said they experienced bullying.

We do this to protect the respondents.

#### Sexual harassment

#### What this is

This is non-consensual or unwelcome sexual behaviour that could cause an employee to feel offended, humiliated or intimidated.

#### Why this is important

Sexual harassment can have an immediate and long-term negative impact on those involved, including those who witness sexual harassment.

#### Why there is no data here

We've not published the results for this section because less than 10 people said they experienced sexual harassment. We do this to protect the respondents.

#### Discrimination

#### What this is

Discrimination is when a person treats, or proposes to treat, a person unfavourably because of their personal characteristics, such as their age or gender, or other attributes.

#### Why this is important

Staff expect to have a safe and inclusive working environment to work in that is free of discrimination.

#### Why there is no data here

We've not published the results for this section because less than 10 people said they experienced discrimination. We do this to protect the respondents.

#### Violence and aggression

#### What this is

This is when staff are abused, threatened or assaulted in a situation related to their work.

#### Why this is important

Violence and aggression can have an immediate and long-term negative impact of those involved, including those who witness violence and aggression.

#### Why there is no data here

We've not published the results for this section because less than 10 people said they experienced violence or aggression. We do this to protect the respondents.

This is where staff witnessed people acting in a negative way against a colleague.

#### Why this is important

What this is

Negative behaviour

Witnessing negative behaviour can still have a negative impact on the person, as it does on the victim.

#### How to read this

In the survey, we asked staff to tell us if they'd witnessed any negative behaviour at work.

They could tell us with one or more answers if they witnessed negative behaviour and what type they witnessed. In descending order, the table shows the answers.

#### Example

18% of your staff who did the survey said they witnessed some negative behaviour at work.

Lowest scoring questions

#### What this is

These are the questions your organisation had the lowest agreement or satisfaction with in 2023.

#### How to read this

Use this data to see where your organisation has the lowest agreement or satisfaction with questions from the 2023 survey.

In this table, your score for this year is shown in the 'you 2023 column'.

You can also compare your 2023 scores against your 2022 scores and your 2023 comparator group.

#### Example

On the first row 'Learning and development', the 'You2023' column shows 45% of your staff agreed with 'I am satisfied with the opportunities to progress in my organisation'. In the 'Change from 2022' column, you have a 0% decrease, which is a negative trend.

Question subgroup	Lowest scoring questions	You 2023	Change from 2022	Comparator 2023
Learning and development	I am satisfied with the opportunities to progress in my organisation	45%	0%	46%
Taking action	My organisation has made improvements based on the survey results from last year	48%	-6%	40%

Safety climate	My organisation has effective procedures in place to support employees who may experience stress	65%	+4%	54%

#### Most improved

#### What this is

This is where staff feel their organisation has most improved.

#### How to read this

Use this data to see if your organisation has a developing or changing trend. In this table, your trend is shown in the 'Increase from 2022' column.

When you use this data, focus on the increase instead of individual numbers.

This is because the increase from 2022 shows you where the most positive changes are happening in your organisation.

#### Example

On the first row 'Learning and development', the 'You2023' column shows 80% of your staff agreed with 'My organisation places a high priority on the learning and development of staff'. In the 'Increase from 2022' column, you have a 16% increase, which is a positive trend.

Question group	Most improved from last year	You 2023	Increase from 2022	Comparator 2023
Learning and development	My organisation places a high priority on the learning and development of staff	80%	+16%	60%

Learning and development	I am developing and learning in my role	85%	+1%	76%

#### Most declined

#### What this is

This is where staff feel their organisation has most declined.

#### How to read this

Use this data to see if your organisation has a developing or changing trend. In this table, your trend is shown in the 'Decrease from 2022' column.

When you use this data, focus on the decrease instead of individual numbers.

This is because the decrease from 2022 shows you where the most negative changes are happening in your organisation.

#### Example

On the first row 'Quality service delivery', the 'You 2023' column shows 78% of your staff agreed with 'My workgroup has clear lines of responsibility'.

In the 'Decrease from 2022' column, you have a 16% decrease, which is a negative trend.

Question subgroup	Largest decline from last year	You 2023	Decrease from 2022	Comparator 2023
