## About your report

The results in this report help your organisation build a positive workplace culture with integrity that live the public sector values.

## Report contents

The visual on the right shows you what sections we've included in this report for your organisation's survey results.

## Comparing data in this report

Your organisation took part in the survey in 2023 and 2022.

This means you'll be able to compare about 96% of this year's survey with your previous results.

## Rounding of percentages

In this report, we round numbers up or down to their nearest whole percentage. This means some percentages may not add up to 100%.

## Survey questions and definitions

Download Survey questions: [Survey questions: People matter survey 2024 \(DOCX, 83 pages\)](#) to see how we asked questions and defined concepts in the 2024 survey.

Report overview

Survey's theoretical framework

What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

The public sector values that underpin the framework and all public sector organisations

## Your comparator group

### What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

### How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

## Your response rate

### What this is

This is how many staff in your organisation did the survey in 2024.

### Why this is important

The higher the response rate, the more your results will reflect how staff feel. If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result. In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

### How to read this

## Your employee engagement index

### What is this

Engaged employees are committed to their organisation's goals and values, and motivated to contribute to organisational success.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points
- agree is 75 points
- neither agree nor disagree is 50 points
- disagree is 25 points
- strongly disagree is 0 points

### Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

Work-related stress levels

What is this

This is the level of stress experienced by employees in response to work-related factors.

Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

How to read this

In this survey we asked staff to tell us their stress level.

The graph at the top shows how staff in your group rated their current levels of work-related stress.

The numbers below show the percentage of staff in your group who said they experienced high to severe stress in 2024 compared to 2023, your comparator and the public sector.

Example

20% of your staff who did the survey said they had high to severe stress in 2024. This is compared to 20% of staff in your comparator group and 21% of staff across the public sector.

## Scorecard: emotional effects of work

### What is this

This is the level of positive and negative feelings experienced by staff in the 3 months before the survey.

### Why this is important

Positive feelings can lead to higher wellbeing and job satisfaction and a lower chance of burnout.

### How to read this

Each label represents a question in the survey about emotional effects of work. Each result is the percentage of staff who said they often, very often or always felt happy, enthusiastic, worried or miserable in the past 3 months.

You can compare these with your comparator group and the public sector.

### Example

- In 2024:
- 56.4% of your staff who did the survey said work made them feel happy.
- Compared to:
- 58.8% of staff in your comparator group and 55.4% of staff across the public sector.

## Scorecard: negative behaviours

### What is this

This is how many staff have experienced negative behaviours at work in the past 12 months.

### Why this is important

Negative behaviours can be detrimental to health and wellbeing as well as performance and behaviour.

### How to read this

Each label represents a question in the survey about negative behaviour. Each result is the percentage of staff who said they experienced bullying, sexual harassment, discrimination or violence and aggression in the past 12 months.

You can compare these with your comparator group and the public sector.

### Example

In 2024:

- 24.3% of your staff who did the survey stated they experienced 'Violence or aggression' in the last 12 months.

Compared to:

- 27.1% of staff in your comparator group and 17.6% of staff across the public sector.

Bullying

What is this

This is repeated unreasonable behaviour directed at an employee that creates a risk to their health and safety.

Why this is important

Bullying can have an immediate and longterm negative impact on those involved, including those who witness bullying.

How to read this

In the survey, we asked staff to tell us if they'd experienced bullying at work. If they did, they could tell us with one or more answers what they experienced. In descending order, the table shows the answers.

Example

14% of your staff who did the survey said they experienced bullying. Of that 14%, 66% said the top type was 'Incivility (e.g. talking down to others, making demeaning remarks, not listening to somebody)'.

## Most improved

### What is this

This is where staff feel their group has most improved.

### How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Increase from 2023' column.

When you use this data, focus on the increase instead of individual numbers.

This is because the increase from 2023 shows you where the most positive changes are happening in your organisation.

### Example

On the first row 'Taking action', the 'You 2024' column shows 32% of your staff who did the survey agreed with 'My organisation has made improvements based on the survey results from last year'. In the 'Increase from 2023' column, you have a 9% increase, which is a positive trend.

Question group	Most improved from last year	You 2024	Increase from 2023	Comparator 2024

Accountability 2 of 2

What is this

Accountability is if your staff feel they work to clear objectives in a transparent manner and can accept responsibility for decisions.

Why this is important

As we all make decisions on behalf of Victorians, we must be accountable in the resources we use.

How to read this

Under 'Your results' see results for each question in descending order by most agreed.  
'Agree' combines responses for agree and strongly agree and 'Disagree' combines responses for disagree and strongly disagree.  
Under 'Benchmark results', compare your comparator group's overall, lowest and highest scores with your own.

Example

60% of your staff who did the survey agreed or strongly agreed with 'Senior leaders provide clear strategy and direction'.

## Primary role

### What is this

This shows the primary role of your staff.

### Why this is important

Understanding how many people you have in each role helps you understand if you have the right balance of staff.

### How to read this

Each demographic area shows the breakdown of responses from your survey results.

The (n) column shows the number of respondents in each category.

### How we protect anonymity and privacy

- de-identify all survey response data provided to your organisation
- don't release employee experience results when fewer than 10 people in a demographic group have responded to the survey
- don't release employee experience results for demographic groups where organisations have fewer than 30 responses in total
