## About your report

The results in this report help your organisation build a positive workplace culture with integrity that live the public sector values.

## Report contents

The visual on the right shows you what sections we've included in this report for your organisation's survey results.

## Comparing data in this report

Your organisation took part in the survey in 2023 and 2022.

This means you'll be able to compare about 98% of this year's survey with your previous results.

## Rounding of percentages

In this report, we round numbers up or down to their nearest whole percentage. This means some percentages may not add up to 100%.

## Survey questions and definitions

Download Survey questions: [Survey questions: People matter survey 2024 \(DOCX, 83 pages\)](#) to see how we asked questions and defined concepts in the 2024 survey.

Report overview

Survey's theoretical framework

What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

The public sector values that underpin the framework and all public sector organisations

## Your comparator group

### What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

### How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

## Your response rate

### What this is

This is how many staff in your organisation did the survey in 2024.

### Why this is important

The higher the response rate, the more your results will reflect how staff feel. If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

### How to read this

## Your employee engagement index

### What is this

Engaged employees are committed to their organisation's goals and values, and motivated to contribute to organisational success.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points
- agree is 75 points
- neither agree nor disagree is 50 points
- disagree is 25 points
- strongly disagree is 0 points

### Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

## Scorecard: satisfaction, stress, intention to stay, inclusion

### What is this

This scorecard provides overall results for satisfaction, high to severe work-related stress, intention to stay and inclusion. There are more people outcomes scorecards throughout this report.

### Why this is important

This page shows which outcomes are performing well and which outcomes you can look to improve.

### How to read this

Each label represents a group of questions in the survey about people outcomes. Each result is the overall percentage of positive responses for your organisation, comparator and public sector.

### Example

- In 2024:
- 76.3% of your staff who did the survey responded positively to questions about Inclusion.
- Compared to:
- 82.6% of staff in your comparator group and 79.7% of staff across the public sector.

Work-related stress levels

What is this

This is the level of stress experienced by employees in response to work-related factors.

Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

How to read this

In this survey we asked staff to tell us their stress level.

The graph at the top shows how staff in your group rated their current levels of work-related stress.

The numbers below show the percentage of staff in your group who said they experienced high to severe stress in 2024 compared to 2023, your comparator and the public sector.

Example

13% of your staff who did the survey said they had high to severe stress in 2024. This is compared to 14% of staff in your comparator group and 21% of staff across the public sector.

### What is this

This is the main work-related causes of stress reported by staff.

### Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

### How to read this

In the survey, we ask staff to tell us if they have experienced mild to severe stress at work, as shown in the visual above the table.

If they answer yes, we ask them to tell us what caused the stress. They can select more than one cause.

In descending order, the table shows the top 10 causes.

### Example

82% of your staff who did the survey said they experienced mild to severe stress. Of that 82%, 44% said the top reason was 'Workload' .

## Inclusion - Barriers to success

### What is this

This is a list of things that staff felt were barriers to their success at work.

### Why this is important

These results can show areas of focus for improvement to enable employee success in the workplace.

### How to read this

In the survey, we ask staff to select from a list, any barriers they have experienced and believe to have hindered their success at work. They can select more than one option.  
In descending order, the table shows the top 10 answers.

### Example

6% of your staff who did the survey said they have experienced barriers to success in the last 12 months due to 'My caring responsibilities'.

## Scorecard: emotional effects of work

### What is this

This is the level of positive and negative feelings experienced by staff in the 3 months before the survey.

### Why this is important

Positive feelings can lead to higher wellbeing and job satisfaction and a lower chance of burnout.

### How to read this

Each label represents a question in the survey about emotional effects of work. Each result is the percentage of staff who said they often, very often or always felt happy, enthusiastic, worried or miserable in the past 3 months.

You can compare these with your comparator group and the public sector.

### Example

- In 2024:
- 65.5% of your staff who did the survey said work made them feel happy.
- Compared to:
- 68.3% of staff in your comparator group and 55.4% of staff across the public sector.

# People outcomes

## Scorecard: negative behaviours

### What is this

This is how many staff have experienced negative behaviours at work in the past 12 months.

### Why this is important

Negative behaviours can be detrimental to health and wellbeing as well as performance and behaviour.

### How to read this

Each label represents a question in the survey about negative behaviour. Each result is the percentage of staff who said they experienced bullying, sexual harassment, discrimination or violence and aggression in the past 12 months.

You can compare these with your comparator group and the public sector.

### Example

In 2024:

- 20.6% of your staff who did the survey stated they experienced 'Violence or aggression' in the last 12 months.

Compared to:

- 17.7% of staff in your comparator group and 17.6% of staff across the public sector.

### Bullying

#### What is this

This is repeated unreasonable behaviour directed at an employee that creates a risk to their health and safety.

#### Why this is important

Bullying can have an immediate and longterm negative impact on those involved, including those who witness bullying.

#### How to read this

In the survey, we asked staff to tell us if they'd experienced bullying at work. If they did, they could tell us with one or more answers what they experienced. In descending order, the table shows the answers.

#### Example

17% of your staff who did the survey said they experienced bullying. Of that 17%, 60% said the top type was 'Incivility (e.g. talking down to others, making demeaning remarks, not listening to somebody)'.

Telling someone about the bullying

What is this

This is if staff told someone when they experienced bullying.

Why this is important

By understanding how staff report bullying, organisations can plan how to support and protect staff.

How to read this

In the survey, we asked staff to tell us if they'd experienced bullying at work. If they did, they could tell us with one or more answers who they told about it. In descending order, the table shows the answers.

Example

- 17% of your staff who did the survey said they experienced bullying, of which
- 50% said the top way they reported the bullying was 'Told a manager'.
  - 90% said they didn't submit a formal complaint.

Sexual harassment

What is this

This is non-consensual or unwelcome sexual behaviour that could cause an employee to feel offended, humiliated or intimidated.

Why this is important

Sexual harassment can have an immediate and long-term negative impact on those involved, including those who witness sexual harassment.

How to read this

In the survey, we asked staff to tell us if they'd experienced sexual harassment at work.

If they did, they could tell us with one or more answers what they experienced.

In descending order, the table shows the top 10 answers.

Example

5% of your staff who did the survey said they experienced sexual harassment.

Of those, 50% said the top type was 'Intrusive questions about my private life or comments about my physical appearance'.

## Discrimination

### What is this

Discrimination is when a person treats, or proposes to treat, a person unfavourably because of their personal characteristics, such as their age or gender, or other attributes.

### Why this is important

Staff expect to have a safe and inclusive working environment to work in that is free of discrimination.

### Why there is no data here

We've not published the results for this section because less than 10 people said they experienced discrimination.

We do this to protect the respondents.

## Key differences

### Biggest negative difference from comparator

#### What is this

This is where your staff have agreed less to a question compared to staff at similar organisations.

#### How to read this

Use this data to see where your organisation has the biggest negative difference with questions from the 2024 survey compared to your comparator group. In this table, the difference to your comparator is shown in the 'Difference' column.

#### Example

On the first row 'Taking action', the 'You 2024' column shows 48% of your staff who did the survey agreed with 'I believe my organisation will make improvements based on the results of this year's survey'. The 'Difference' column, shows that agreement for this question was 12% lower than in your comparator.

Question group	Biggest negative difference from comparator	You 2024	Difference	Comparator 2024
Taking action	I believe my organisation will make improvements based on the results of this year's survey	48%	-12%	61%
Taking action	My organisation has made improvements based on the survey results from last year	35%	-11%	46%
Inclusion	I can be myself at work	75%	-9%	84%
Flexible working	I am confident that if I requested a flexible work arrangement, it would be given due consideration	66%	-8%	74%

## Scorecard

### What is this

This scorecard provides overall results for each factor in the organisation climate part of the survey's theoretical framework.

### Why this is important

This page shows which factors are performing well and which factors you can look to improve.

### How to read this

Each label represents a group of questions in the survey about organisational climate. Each result is the overall percentage of positive responses for your organisation, comparator and public sector.

### Example

- In 2024:
- 72.4% of your staff who did the survey responded positively to questions about Patient safety climate.
- Compared to:
- 73.7% of staff in your comparator group and 71.1% of staff across the public sector.

# Organisational climate

## Organisational integrity 1 of 2

### What is this

This is how much trust staff have in your organisation's ability to operate, implement policy and deliver services for Victorians.

### Why this is important

We need the community to have high trust in how we work and what we do.

### How to read this

Under 'Your results', see results for each question in descending order by most agreed.

Answers to these questions provide useful information to help you understand your employees.

### How to read this

Under 'Your results', see results for each question in descending order by most agreed.

'Agree' combines responses for agree and strongly agree and 'Disagree' combines responses for disagree and strongly disagree.

Under 'Benchmark results', compare your comparator group's overall, lowest and highest scores with your own.

### Example

90% of your staff who did the survey agreed or strongly agreed with 'I understand how the Code of Conduct for Victorian public sector employees applies to my work'.

## Survey question
