Report overview

About your report

The results in this report help your organisation build a positive workplace culture with integrity that live the public sector values.

Report contents

The visual on the right shows you what sections we've included in this report for your organisation's survey results.

Comparing data in this report

Your organisation took part in the survey in 2023 and 2022.

This means you'll be able to compare about 98% of this year's survey with your previous results.

Rounding of percentages

In this report, we round numbers up or down to their nearest whole percentage. This means some percentages may not add up to 100%.

Report overview

Survey's theoretical framework

What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

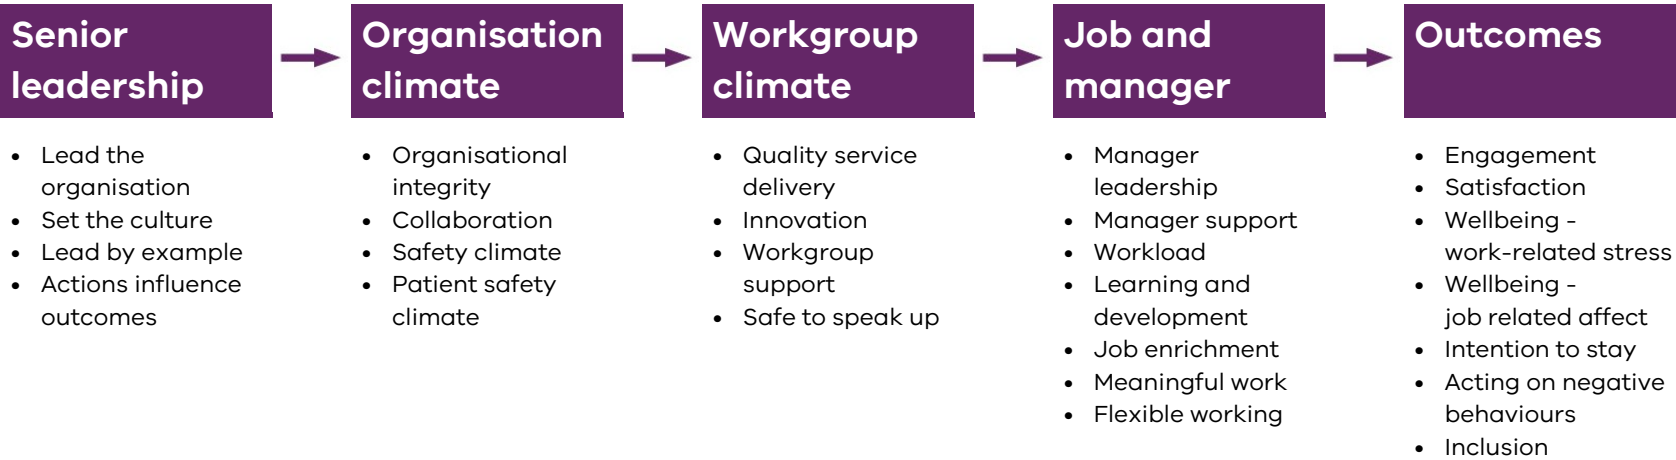

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

The public sector values that underpin the framework and all public sector organisations

Your comparator group

What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in.

Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

Report overview

Your response rate

What this is

This is how many staff in your organisation did the survey in 2024.

Why this is important

The higher the response rate, the more your results will reflect how staff feel.

If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

How to read this

The number in the brackets () shows how many staff completed the survey this year.

Your employee engagement index

What is this

Engaged employees are committed to their organisation's goals and values, and motivated to contribute to organisational success.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points
- agree is 75 points
- neither agree nor disagree is 50 points
- disagree is 25 points
- strongly disagree is 0 points

Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

Scorecard: satisfaction, stress, intention to stay, inclusion

What is this

This scorecard provides overall results for satisfaction, high to severe work-related stress, intention to stay and inclusion. There are more people outcomes scorecards throughout this report.

Why this is important

This page shows which outcomes are performing well and which outcomes you can look to improve.

How to read this

Each label represents a group of questions in the survey about people outcomes. Each result is the overall percentage of positive responses for your organisation, comparator and public sector.

Example

- In 2024:
- 82.7% of your staff who did the survey responded positively to questions about Inclusion.
- Compared to:
- 81.6% of staff in your comparator group and 79.7% of staff across the public sector.

Work-related stress levels

What is this

This is the level of stress experienced by employees in response to work-related factors.

Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

How to read this

In this survey we asked staff to tell us their stress level.

The graph at the top shows how staff in your group rated their current levels of work-related stress.

The numbers below show the percentage of staff in your group who said they experienced high to severe stress in 2024 compared to 2023, your comparator and the public sector.

Example

19% of your staff who did the survey said they had high to severe stress in 2024. This is compared to 20% of staff in your comparator group and 21% of staff across the public sector.

Scorecard: emotional effects of work

What is this

This is the level of positive and negative feelings experienced by staff in the 3 months before the survey.

Why this is important

Positive feelings can lead to higher wellbeing and job satisfaction and a lower chance of burnout.

How to read this

Each label represents a question in the survey about emotional effects of work. Each result is the percentage of staff who said they often, very often or always felt happy, enthusiastic, worried or miserable in the past 3 months.

You can compare these with your comparator group and the public sector.

Example

- In 2024:
- 59.1% of your staff who did the survey said work made them feel happy.
- Compared to:
- 58.3% of staff in your comparator group and 55.4% of staff across the public sector.

People outcomes

Scorecard: negative behaviours

What is this

This is how many staff have experienced negative behaviours at work in the past 12 months.

Why this is important

Negative behaviours can be detrimental to health and wellbeing as well as performance and behaviour.

How to read this

Each label represents a question in the survey about negative behaviour. Each result is the percentage of staff who said they experienced bullying, sexual harassment, discrimination or violence and aggression in the past 12 months.

You can compare these with your comparator group and the public sector.

Example

In 2024:

- 30.1% of your staff who did the survey stated they experienced 'Violence or aggression' in the last 12 months.

Compared to:

- 26.2% of staff in your comparator group and 17.6% of staff across the public sector.

People outcomes

Bullying

What is this

This is repeated unreasonable behaviour directed at an employee that creates a risk to their health and safety.

Why this is important

Bullying can have an immediate and longterm negative impact on those involved, including those who witness bullying.

How to read this

In the survey, we asked staff to tell us if they'd experienced bullying at work. If they did, they could tell us with one or more answers what they experienced. In descending order, the table shows the answers.

Example

14% of your staff who did the survey said they experienced bullying. Of that 14%, 64% said the top type was 'Incivility (e.g. talking down to others, making demeaning remarks, not listening to somebody)'.

People outcomes

Telling someone about the bullying

What is this

This is if staff told someone when they experienced bullying.

Why this is important

By understanding how staff report bullying, organisations can plan how to support and protect staff.

How to read this

In the survey, we asked staff to tell us if they'd experienced bullying at work. If they did, they could tell us with one or more answers who they told about it. In descending order, the table shows the answers.

Example

- 14% of your staff who did the survey said they experienced bullying, of which
- 50% said the top way they reported the bullying was 'Told a manager'.
 - 84% said they didn't submit a formal complaint.

Lowest scoring questions

What is this

These are the questions your group had the lowest agreement or satisfaction with in 2024.

How to read this

Use this data to see where your group has the lowest agreement or satisfaction with questions from the 2024 survey.

In this table, your score for this year is shown in the 'You 2024' column.

You can also compare your 2024 scores against your 2023 scores and your 2024 comparator group.

Example

On the first row 'Taking action', the 'You 2024' column shows 39% of your staff who did the survey agreed with 'My organisation has made improvements based on the survey results from last year'. In the 'Change from 2023' column, you have a +5% change, which is a positive trend.

Question group	Lowest scoring questions	You 2024	Change from 2023	Comparator 2024
Taking action	My organisation has made improvements based on the survey results from last year	39%	+5%	34%

Safety climate	Senior leaders consider the psychological health of employees to be as important as productivity	58%	+1%	58%

Key differences

Most improved

What is this

This is where staff feel their group has most improved.

How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Increase from 2023' column.

When you use this data, focus on the increase instead of individual numbers.

This is because the increase from 2023 shows you where the most positive changes are happening in your organisation.

Example

On the first row 'Taking action', the 'You 2024' column shows 39% of your staff who did the survey agreed with 'My organisation has made improvements based on the survey results from last year'. In the 'Increase from 2023' column, you have a 5% increase, which is a positive trend.

Question group	Most improved from last year	You 2024	Increase from 2023	Comparator 2024
Taking action	My organisation has made improvements based on the survey results from last year	39%	+5%	34%

Key differences

Most declined

What is this

This is where staff feel their group has most declined.

How to read this

Use this data to see if your organisation has a developing or changing trend.

In this table, your trend is shown in the 'Decrease from 2023' column.

When you use this data, focus on the decrease instead of individual numbers.

This is because the decrease from 2023 shows you where the most negative changes are happening in your organisation.

Example

On the first row 'Organisational integrity', the 'You 2024' column shows 52% of your staff who did the survey agreed with 'I have an equal chance at promotion in my organisation'.

In the 'Decrease from 2023' column, you have a 4% decrease, which is a negative trend.

Question group	Largest decline from last year	You 2024	Decrease from 2023	Comparator 2024
Organisational integrity	I have an equal chance at promotion in my organisation	52%	-4%	50%

Organisational climate

Scorecard

What is this

This scorecard provides overall results for each factor in the organisation climate part of the survey's theoretical framework.

Why this is important

This page shows which factors are performing well and which factors you can look to improve.

How to read this

Each label represents a group of questions in the survey about organisational climate. Each result is the overall percentage of positive responses for your organisation, comparator and public sector.

Example

- In 2024:
- 78.3% of your staff who did the survey responded positively to questions about Collaboration.
- Compared to:
- 77.2% of staff in your comparator group and 73.8% of staff across the public sector.

Organisational climate

Organisational integrity 1 of 2

What is this

This is how much trust staff have in your organisation's ability to operate, implement policy and deliver services for Victorians.

Why this is important

We need the community to have high trust in how we work and what we do.

How to read this

Under 'Your results', see results for each question in descending order by most agreed. 'Agree' combines responses for agree and strongly agree and 'Disagree' combines responses for disagree and strongly disagree.

Under 'Benchmark results', compare your comparator group's overall, lowest and highest scores with your own.

Human rights

What is this

Human rights is how your staff feel their organisation upholds basic human rights.

Why this is important

Using the Victorian Charter of Human Rights, organisations must consider human rights in how they work and act.

How to read this

Under 'Your results', see results for each question in descending order by most agreed.

'Agree' combines responses for agree and strongly agree and 'Disagree' combines responses for disagree and strongly disagree.

Under 'Benchmark results', compare your comparator group's overall, lowest and highest scores with your own.

Example

86% of your staff who did the survey agreed or strongly agreed with 'My organisation encourages employees to act in ways that are consistent with human rights'.
